

Correction via EAB update

The following corrections are possible via an EAB update

- Price
- Number of units
- Number of pcs per unit
- Packaging code
- Load carriers and/or shelves
(Depending on your software package)
- Buyer administration number
- Grading characteristics
- Product code
- Service code
- EAB credit in full

The following corrections are not possible via an EAB update

- Correcting an EAB older than 3 months
- Crediting an EAB in whole or in part without packaging and/or load carrier
- Partial crediting of an EAB
- The delivery date and time of an EAB
- Your administration number

You can however submit these corrections via the Excel correction file.
