Upgrade your exhibition stand and really stand out!

As well as standard stand construction, we also offer the option of an upgraded stand. This upgrade instantly gives your presentation a professional, distinctive look. An upgraded stand offers additional possibilities in terms of design, finish and appearance. Think of high-quality materials, greater visibility on the exhibition floor through the use of your own branding, and a stronger brand presentation. Do you want to get the most out of your participation and make a powerful impression with your brand? Then choose an upgraded stand and stand out on the exhibition floor. Would you like more information about the options and prices? Feel free to enquire about the possibilities via info@thijsstandbouw.nl

Important information about how we work with Thijs Standbouw

- We only check submitted files for usability and quality; you are responsible for ensuring that the layout and content are correct. .
- In addition to PDF we also accept JPEG, TIFF, AI or EPS-files.
- Word-, PowerPoint-, Excel- and so on. The files are not suitable for production. We can convert or edit files for you at a fee. In that case, we'd be happy to provide you with a quote.
- Always submit clean files. Please ensure that there are no hidden layers and/or elements outside the print area in the file.

TIPS

The printed standard panels have a visible 30mm aluminium bar every metre

To hide the aluminium rods, choose a full-length canva that covers the entire wall

Ensure that key-elements (text and logos) are at least 70mm away from the edges.
