

Practical information: trial auction

13 August 2026 | 09:30 – 10:00

Please note: important information regarding the trial auction

Please keep a close eye on the **KOA announcements** during the trial auction.

We will use these messages to share important information and any additional instructions. You should therefore check these announcements regularly during the trial auction.

General information

- At **09:30**, we will begin with a brief explanation of approximately 5 minutes on clock **C15**.
- If the schedule changes, the auctioneer will announce this during the auction.
- You can make test purchases on all active clocks.
- These purchases will not be processed and will not appear on an invoice.
- Please work during the trial auction as you normally would. This will allow us to simulate real-world conditions as closely as possible.
- For any technical support, please switch to clock **C15**.

How to take part

Before the start

1.  Restart your KOA workstation(s) at **09:15**.
2.  Log in to KOA and then, via the KOA login, to Floriday.
3.  Check your audio via test clock **T61**. *No audio on T61, but there is on T60? Carry out the check [here](#).*

During the trial auction

1.  The trial auction starts at **09:30** with a brief explanation on clock C15.
 2.  You can make purchases on the following clocks: A02, C06, C08, C09, A12, N02, N04, N05.
 3.  Go to your bidding screen (F1).
 4.  Place your bids as you normally would.
